REBELS IN CONTROL

Vasquez Men Hold Important Cities in Santo Domingo.

HAVE THE CAPITAL

Preceding Capitulation of Santo Domingo City There Was Two Days Fighting in Which Many Men Were Killed.

Monte Christi, May 7.—Further confirmation have been received of the surrender of San Domingo, the capital of Santo Domingo, on Friday last to the revolutionary forces commanded by Vice President Vasquez.

A provisional government established there retain power until new elections can be held.

Peace is completely re-established in the southern part of Santo Domingo.

Advices from Purto Plata, on the north coast announce that the crew of the Dominican war vessel at that port has sided with the insurgents and conveyed to Governor Gen. Deschamps an order to surrender.

An agreement providing for the suspension of hostilities at Purto Plata was signed later in the day so as to permit the drawing up of conditions on which the port would capitulate to revolutionists.

When San Domingo city surrendered to Vice President Vasquez, President Jiminez sought refuge in the French consulate there.

Later in the day it became known here that Purto Plata capitulated to the revolutionists who took possession of the town and fort.

General Deschamps, former governor, embarked on board a French steamer, bound for Hayti. All quiet at Purto Plata.

There was no enthusiasm shown by the population at entry of the victorious army.

The approach of the revolutionists to the capital was announced after two days' heavy fighting betwen government troops and the forces of Gen. Vasquez during which time many were killed or wounded on both sides.

When it became known that General Vasquez threatened attack on Santo Domingo, the United States Minister Powell, as dean of the diplomatic corps, requested the Dominican government to inform him regarding arrangements adopted to protect the lives and property of foreigners, adding in case no precautions had been taken he would consider it his duty to take such measures that would provide for the safety as the situation demanded.

The nature of the reply of the government was not made public.

No foreign warships were at Santo Domingo, though the United States cruiser Cincinnati was expected.

THE TRUCK GROWERS.

MEETING LAST SUTURDAY WAS ONLY AN INFORMAL ONE—PRODUCTS MOVING, AND BRINGING GOOD RETURNS.

The Eagle has had many calls for information from persons interested in the truck growers' movement, especially as to what was done at the meeting last Saturday.

The secretary and manager, Mr. Simpson, is a very busy man now, and has had but little time to make reports to newspapers. We learn from him, however, that he has got in a car of boxes, crates, etc., and has supplied the various members of the association with such packages as they required. Part of his car was sold at Millican and a part to parties at Kosse, and some remain subject to the orders of members of the Brazos county association. Those wishing them are requested to order at once, as the rest will be sold to outside associations when it is thought this association is supplied.

Mr. Simpson is doing a great deal of work, and hustling very hard to meet the requirements of the association. The members generally being without cash, and a carload of boxes costing a good deal of money—about $800—it will be seen that he had quite a problem to solve. But he solved it somehow, and the growers are all supplied, and Mr. Simpson carrying the responsibility. He is doing his work so well, and working so hard to do it, that it is to be hoped that through his commissions, he will get a fair compensation for his labor. Through Mr. Simpson's efforts, the growers are getting their packages at lower prices than dealers at Dallas and other Texas points are selling them.

The use of the compress building has been generously donated to the association by Manager Walter Wipprecht for storing boxes and crates, and for packing and preparing goods for shipment. An informal meeting of the association was held at the compress last Saturday, but no business of importonce was transacted.

Mr. Simpson informs The Eagle that the first shipment of snap beans, sold in Dallas, brought 53 cents net per third bushel box. These were sold for Mr. J. C. Lloyd of Reliance. They were correctly and neatly packed, and reflected credit on Mr. Lloyd as a truck growor. This was a good price, and has encouraged the growers.

Mr Simpson has a card in this paper, elsewhere, naming his shipping days, and other points of interest to members of the association.

RESOLUTIONS

Adopted by L. S. Ross Chapter U. D. C., Upon the Death of Mrs. J. J. Adams.

Whereas, The Reaper whose name is Death, pursuing his ceaseless mission through the harvest field of the world, has recently stricken down one well-known and well-beloved in the city of Bryan; therefore be it

Resolved, That we, the members of L. S. Ross Chapter, U. D. C., hereby give utterance to the heartfelt sorrow we experience in view of the death of our sister, Mrs. J. J. Adams. As individuals, we mourn that we are bereft of a friend, whose many valuable and lovely qualities of mind and heart rendered her a most useful and genial member of society and of the church. As a Chapter, we deplore the loss of one, who, for two years previous to the present, as our executive head, led us by her good judgment, encouraged us by her co-operative labors, and stimulated us by her enthusiam in the cause so dear to us as Southern women.

That we would we might pour the oil of consolation into the sorely wounded hearts of those who, most of all, are by this sad event, "Smitten of God, and afflicted." Could sympaty lighten their woe, surely the burden would be lifted. God grant to them grace to realize the tenderness of the Fatherly hand which wounds to heal—of the gracious voice which says: "What I do thou knowest not now, but thou shalt know hereafter."

That the foregoing be recorded upon a memorial page of the minutes of L. S. Ross Chapter, U. D. C.

That the members of the Chapter will wear the badge of mourning for thirty days.

That this action of the Chapter be sent for publication to the Confederate Veteran, to the Bryan Morning Eagle and to the Confederate Soldier and Daughter, and a copy thereof be sent to the bereaved family of the deceased.

Mrs. J. D. West,
Mrs. F. J. Garth,
Mrs. W. S. Wilson,

Thanks of Sixth Grade.

The Sixth Grade desire to thank the president and ladies of the Mutual Improvement Club for the beautiful Historical pictures which now adorn their walls. The pictures most aptly illustrate that portion of the "History of our Country" which has lately been studied by the grade. They will serve the purpose (for which they were intended) of keeping forever fresh the glorious deeds of valor by which our illustrious forefathers won the liberty which each American (old and young) now stands pledged to maintain.

The sixth Grade has many enthusiastic students of history. They have followed with mind and heart the thrilling story of struggle for American freedom. In "The Declaration of Independence" their enthusiasm was equalled only by the devotion of those brave spirits who pledged their lives, their fortunes, and sacred honor, to the support of their belief.

Again the students in sympathetic zeal, helped to secretly fortify "Bunker Hill" and to warily slip around Cornwallis's oversure forces at "Trenton" only to surprise him by capturing the desired military stores at "Princeton". They grieved at the untimely death of "Montgomery" and rejoiced at the surrender of Burgoyne. They grew wild with patriotic joy at the "battle of Yorktown" only to sadden with unspeakable emotion as Washington appeared before Congress to surrender to that august body the "Commission" he had so honorably held. BRIGHTLIGHT CHURCH DEDICATED.

Great Gathering to Witness the Ceremonies Sunday.

The new Free Baptist church recently erected at Brightlight, near Harvey, was dedicated by Rev. A. M. Stewart and Rev. W. T. Wood Sunday, April 4. Probably a thousand people were present, many of them from Bryan, and a magnificent dinner was served on the grounds. The music was excellent and was led by Mr. Allen Dyess. The dedicatory sermon by Rev. Stewart was a thoughtful and edifying address and made a profound impression. The new church is commodious, handsomely finished and one of the nicest in the country. It is a credit not only to the people of the Brightlight community, but to the county at large.

Death of Mrs. Martha Hix.

Greenville, Tex., May 7.—Hunt county's oldest citizen is dead. Mrs. Martha Hix, who was perhaps the oldest woman in the south, passed away between 1 and 2 o'clock Tuesday morning at the home of her grandson, Joe Zinnamon, in the Cedar Grove community, six miles southwest of this city. She retired Monday night at her bedtime, about 10 o'clock, in her usual good health and cheerful spirits and the family were awakened about 1 o'clock to find her choking. She was struggling for breath and rapidly sinking, but death relieved her suffering in about 15 minutes. She was 102 years of age.

Shot Himself to Death.

El Paso, Tex., May 7.—A. H. Schofield, half brother of former Lieutenant General Schofield, committed suicide here by shooting himself in the mouth with a large caliber revolver. He hid himself behind a large pile of lumber at the lumber yard., and put a bullet through his brain. A note addressed to his wife was found beside him, but in it he gave no cause for taking his own life. The coroner's verdict was suicide. Schofield came here three years ago from Missouri.

Application for Writ of Error.

Austin, Tex., May 7.—Application for writ of error has been filed in the supreme court by the attorney general in behalf of the state in the case of the State of Texas vs. the Waters-Pierce Oil company on appeal from McLennan. The state lost the case on questions of fact in the trial court, and it was affirmed by the Third court of civil appeals on questions of law. The latter court having held unconstitutional the anti-trust acts of 1889 and 1895, and the suit was instituted under those acts.

THE TRUCK GROWERS.

MEETING LAST SUTURDAY WAS ONLY AN INFORMAL ONE—PRODUCTS MOVING, AND BRINGING GOOD RETURNS.

The Eagle has had many calls for information from persons interested in the truck growers' movement, especially as to what was done at the meeting last Saturday.

The secretary and manager, Mr. Simpson, is a very busy man now, and has had but little time to make reports to newspapers. We learn from him, however, that he has got in a car of boxes, crates, etc., and has supplied the various members of the association with such packages as they required. Part of his car was sold at Millican and a part to parties at Kosse, and some remain subject to the orders of members of the Brazos county association. Those wishing them are requested to order at once, as the rest will be sold to outside associations when it is thought this association is supplied.

Mr. Simpson is doing a great deal of work, and hustling very hard to meet the requirements of the association. The members generally being without cash, and a carload of boxes costing a good deal of money—about $800—it will be seen that he had quite a problem to solve. But he solved it somehow, and the growers are all supplied, and Mr. Simpson carrying the responsibility. He is doing his work so well, and working so hard to do it, that it is to be hoped that through his commissions, he will get a fair compensation for his labor. Through Mr. Simpson's efforts, the growers are getting their packages at lower prices than dealers at Dallas and other Texas points are selling them.

The use of the compress building has been generously donated to the association by Manager Walter Wipprecht for storing boxes and crates, and for packing and preparing goods for shipment. An informal meeting of the association was held at the compress last Saturday, but no business of importonce was transacted.

Mr. Simpson informs The Eagle that the first shipment of snap beans, sold in Dallas, brought 53 cents net per third bushel box. These were sold for Mr. J. C. Lloyd of Reliance. They were correctly and neatly packed, and reflected credit on Mr. Lloyd as a truck growor. This was a good price, and has encouraged the growers.

Mr Simpson has a card in this paper, elsewhere, naming his shipping days, and other points of interest to members of the association.

RESOLUTIONS

Adopted by L. S. Ross Chapter U. D. C., Upon the Death of Mrs. J. J. Adams.

Whereas, The Reaper whose name is Death, pursuing his ceaseless mission through the harvest field of the world, has recently stricken down one well-known and well-beloved in the city of Bryan; therefore be it

Resolved, That we, the members of L. S. Ross Chapter, U. D. C., hereby give utterance to the heartfelt sorrow we experience in view of the death of our sister, Mrs. J. J. Adams. As individuals, we mourn that we are bereft of a friend, whose many valuable and lovely qualities of mind and heart rendered her a most useful and genial member of society and of the church. As a Chapter, we deplore the loss of one, who, for two years previous to the present, as our executive head, led us by her good judgment, encouraged us by her cooperative labors, and stimulated us by her enthusiam in the cause so dear to us as Southern women.

That we would we might pour the oil of consolation into the sorely wounded hearts of those who, most of all, are by this sad event, "Smitten of God, and afflicted." Could sympaty lighten their woe, surely the burden would be lifted. God grant to them grace to realize the tenderness of the Fatherly hand which wounds to heal—of the gracious voice which says: "What I do thou knowest not now, but thou shalt know hereafter."

That the foregoing be recorded upon a memorial page of the minutes of L. S. Ross Chapter, U. D. C.

That the members of the Chapter will wear the badge of mourning for thirty days.

That this action of the Chapter be sent for publication to the Confederate Veteran, to the Bryan Morning Eagle and to the Confederate Soldier and Daughter, and a copy thereof be sent to the bereaved family of the deceased.

Mrs. F. J. Garth,

Thanks of Sixth Grade.

The Sixth Grade desire to thank the president and ladies of the Mutual Improvement Club for the beautiful Historical pictures which now adorn their walls. The pictures most aptly illustrate that portion of the "History of our Country" which has lately been studied by the grade. They will serve the purpose (for which they were intended) of keeping forever fresh the glorious deeds of valor by which our illustrious forefathers won the liberty which each American (old and young) now stands pledged to maintain.

The sixth Grade has many enthusiastic students of history. They have followed with mind and heart the thrilling story of struggle for American freedom. In "The Declaration of Independence" their enthusiasm was equalled only by the devotion of those brave spirits who pledged their lives, their fortunes, and sacred honor, to the support of their belief.

Again the students in sympathetic zeal, helped to secretly fortify "Bunker Hill" and to warily slip around Cornwallis's oversure forces at "Trenton" only to surprise him by capturing the desired military stores at "Princeton". They grieved at the untimely death of "Montgomery" and rejoiced at the surrender of Burgoyne. They grew wild with patriotic joy at the "battle of Yorktown" only to sadden with unspeakable emotion as Washington appeared before Congress to surrender to that august body the "Commission" he had so honorably held. But the picture that charms and thrills and inspires them most is "Washington" himsslf. He is their immortalized hero—their ideal character. GENERAL CONFERENCE.

Quadrennial Meeting of the M. E. Church, South.

THE OPENING DAY

Welcoming Address and Responses the First Order—The Senior Bishop Delivered His Message to the General Conference.

Dallas, May 8.—Bishop A. W. Wilson of Baltimore, in the absence of Bishop Keener of New Orleans, called the fourteenth quadriennial conference of the Methodist Episcopal Church, South, to order in the old auditorium at the Texas State Fair grounds Wednesday. The large hall was well filled with clerical and lay delegates, and several hundred auditors in addition to the delegates listened intently to the proceedings.

Bishop Wilson read hymn No. 221, "Draw Near, O Son of God, Draw Near," which was sung by the entire assembly, led by the choir.

Bishop B. K. Hargrove of Nashville, Tenn., offered up the invocation.

Bishop E. R. Hendrix of Kansas City read the ninety-ninth Psalm.

Bishop A. W. Candler of Atlanta, Ga., read a selection from the Epistle to the Ephesians.

Bishop H. C. Morrison of Atlanta, Ga., read hymn No. 191, which was sung by the assemblage, the choir leading.

Dr. John J. Tigert, of Nashville, Tenn., secretary of the last general conference, then called the roll of delegates, lay and clerical.

When the name of H. C. Morrison of the Louisville conference was called Dr. E. M. Boswell of the Louisiana conference gave notice that he would challenge his right to a seat on some irregularity—and other names have to be passed upon by the credentials committee.

Dr. J. J. Tigert of the Louisville conference and book editor of the M. E. Church, South, was re-elected secretary unanimously and A. F. Watkins of the Mississippi conference and J. M. Barcus of the North Texas conference, assistant secretaries.

Addres of welcome then came, Governor Sayers welcoming the conference in behalf of the state, Mayor Cabell in behalf of the city, Judge Perkins for the laity and Dr. Rankin for the ministry. Bishop Galloway of Mississippi replied in behalf of the conference.

Bishop W. W. Duncan then read the episcopal address. Its reading consumed two hours' time and was listened to attentively. This address is to the conference what a president's message is to congress, and it is referred to different subcommittees for action.

The address states that there are 6,000,000 members of the Methodist church in America, with property valued at $300,000,000. This includes churches, buildings, schools, colleges, etc.

SECOND DAY'S SESSION.

Bishop Granbury Presided Over Methodist General Conference.

Dallas, May 8.—The quadrennial conference of the Methodist Episcopal Church, South, today was called to order by Rev. Coke Smith of the Virginia conference. Approximately every delegate entitled to place in the conference was present. Bishop Granbury presided at the session.

Bishop Wilson, Bishop Braecken and Rev. Adams of the South Georgia conference presented the conference with a gavel made from the wood of the "Wesley Oak," under which Wesley is said to have preached.

Early in the proceedings the question was raised whether the letter of Senators Bacon and Clay, touching the publishing house war tax claim was part of the episcopal address. Bishop Wilson stated it was simply an explanatory appendix.

An interesting issue at the morning session was precipitated over the resolution of Dr. Tigert, the substance of which the notation in general conferences of all reference to the general conference's undivided Methodist Episcopal church anterior to 1846, be eliminated.

After a spirited debate, engaged in by many of the leading members, the conference resolution was defeated by 160 to 76.

Austin Affairs.

Austin, May 8.—State Superintendent of Public Instruction Arthur Lefevre has addressed a letter to the secretary of every board of school trustees in Texas, directing the secretary to at once advise the department of the reorganization of the board subsequent to the election held May 3.

The Railroad Commission has granted the application of the Gulf and Interstate railway company for an increase of 25 per cent in its rates on account of the storms at Galveston which retarded the progress of the road.

The legislative investigation committee has reopened investigation of the deaf and dumb institute and commenced taking depositions from employes and also looking into the expense account.

Bishop Potter Better.

New York, May 8.—Bishop Potter, who was seized with a fainting spell Wednesday, due to fatigue from over work, is much better, and he is resting comfortably.

POWELL GONE TO HAYTI.

He Leaves Santo Domingo Because of Trouble in Hayti.

San Domingo, May 8.—United States Minister Powell, owing to the situation of affairs here, suspended all intercourse with the revolutionary government and is preparing to leave San Domingo for Hayti, to which country he is also accredited. His departure is due to grave difficulties existing in Hayti where a revolution is said to be in progress.

The charge of government here put a stop to steps taken by Mr. Powell to arrange a settlement of the claims of the Dominican Improvement company of New York against Santo Domingo. The claims were being favorably considered by the government which has just been overthrown, and fair condition existed for settlement.

The Dominican congress has been dissolved and a provisional government has been formed.

HETTY CARRIES A GUN.

She Says She Needs it to Protect the Wealth About Her.

New York, May 8.—Hetty Green, the noted woman of finance, has been granted a permit to carry a revolver by the police department of this city. Mrs. Green applied for the permit a week ago to Captain Stephen O'Brien, and it was on his recommendation the permit was given.

Capt. O'Brien's report on the application says Mrs. Green declared she was in the habit of carrying a large sum of money, stocks, bonds and jewelry. She also said her intention was to secure pistol permits in all the large cities which she does business.

PALMA AT SANTA CLARA.

Great Crowds Gathered There to Greet Cuba's New President.

Santa Clara, May 8.—When President Elect Palma found the people from the whole surrounding, partly drawn by the exhibition of island products being held here, gathered to give him greeting. The narrow streets of the town were packed. The horses drawing Senor Palma's carriage took fright at some fireworks, bolted and ran over two spectators before they were stopped. General Palma was not injured. He reviewed, in the evening, a parade of the police, the rural guards and the secret societies, after which he attended a banquet and reception in his honor and a ball at the theater.

Mrs. Palma Gone to Cuba.

New York, May 8.—"I leave my friends, but I go to a country full of them," said Mrs. Tomas Estrada Palma the first lady of Cuba, who left here on the steamship Havana, for the new republic.

"I was not born a Cuban. I have neven even been to Cuba," she added, "but I know what my husband has felt, has hoped all these years. When he left me to go to Cuba as the president, he kept saying, 'I am surely dreaming.'"

Mme. Palma's home here has been in Central Valley, N. Y., where her husband for many years conducted a school. Her eldest son, Jose, remains at Columbia university. Her other five children will accompany her to Cuba.

Statehood Bill Being Debated.

Washington, May 8.—The house today proceeded with consideration of the omnibus statehood bill and under an agreement the general debate closed at 3 o'clock.

GENERAL CONFERENCE!

Quadrennial Meeting of the M. E. Church, South.

THE OPENING DAY

Welcoming Address and Responses the First Order—The Senior Bishop Delivered His Message to the General Conference.

Dallas, May 8.—Bishop A. W. Wilson of Baltimore, in the absence of Bishop Keener of New Orleans, called the fourteenth quadriennial conference of the Methodist Episcopal Church, South, to order in the old auditorium at the Texas State Fair grounds Wednesday. The large hall was well filled with clerical and lay delegates, and several hundred auditors in addition to the delegates listened intently to the proceedings.

Bishop Wilson read hymn No. 221, "Draw Near, O Son of God, Draw Near," which was sung by the entire assembly, led by the choir.

Bishop B. K. Hargrove of Nashville, Tenn., offered up the invocation.

Bishop E. R. Hendrix of Kansas City read the ninety-ninth Psalm.

Bishop A. W. Candler of Atlanta, Ga., read a selection from the Epistle to the Ephesians.

Bishop H. C. Morrison of Atlanta, Ga., read hymn No. 191, which was sung by the assemblage, the choir leading.

Dr. John J. Tigert, of Nashville, Tenn., secretary of the last general conference, then called the roll of delegates, lay and clerical.

When the name of H. C. Morrison of the Louisville conference was called Dr. E. M. Boswell of the Louisiana conference gave notice that he would challenge his right to a seat on some irregularity—and other names have to be passed upon by the credentials committee.

Dr. J. J. Tigert of the Louisville conference and book editor of the M. E. Church, South, was re-elected secretary unanimously and A. F. Watkins of the Mississippi conference and J. M. Barcus of the North Texas conference, assistant secretaries.

Addres of welcome then came, Governor Sayers welcoming the conference in behalf of the state, Mayor Cabell in behalf of the city, Judge Perkins for the laity and Dr. Rankin for the ministry. Bishop Galloway of Mississippi replied in behalf of the conference.

Bishop W. W. Duncan then read the episcopal address. Its reading consumed two hours' time and was listened to attentively. This address is to the conference what a president's message is to congress, and it is referred to different subcommittees for action.

The address states that there are 6,000,000 members of the Methodist church in America, with property valued at $300,000,000. This includes churches, buildings, schools, colleges, etc.

SECOND DAY'S SESSION.

Bishop Granbury Presided Over Methodist General Conference.

Dallas, May 8.—The quadrennial conference of the Methodist Episcopal Church, South, today was called to order by Rev. Coke Smith of the Virginia conference. Approximately every delegate entitled to place in the conference was present. Bishop Granbury presided at the session.

Bishop Wilson, Bishop Braecken and Rev. Adams of the South Georgia conference presented the conference with a gavel made from the wood of the "Wesley Oak," under which Wesley is said to have preached.

Early in the proceedings the question was raised whether the letter of Senators Bacon and Clay, touching the publishing house war tax claim was part of the episcopal address. Bishop Wilson stated it was simply an explanatory appendix.

An interesting issue at the morning session was precipitated over the resolution of Dr. Tigert, the substance of which the notation in general conferences of all reference to the general conference's undivided Methodist Episcopal church anterior to 1846, be eliminated.

After a spirited debate, engaged in by many of the leading members, the conference resolution was defeated by 160 to 76.

Austin Affairs.

Austin, May 8.—State Superintendent of Public Instruction Arthur Lefevre has addressed a letter to the secretary of every board of school trustees in Texas, directing the secretary to at once advise the department of the reorganization of the board subsequent to the election held May 3.

The Railroad Commission has granted the application of the Gulf and Interstate railway company for an increase of 25 per cent in its rates on account of the storms at Galveston which retarded the progress of the road.

The legislative investigation committee has reopened investigation of the deaf and dumb institute and commenced taking depositions from employes and also looking into the expense account.

Bishop Potter Better.

New York, May 8.—Bishop Potter, who was seized with a fainting spell Wednesday, due to fatigue from over work, is much better, and he is resting comfortably.

POWELL GONE TO HAYTI.

He Leaves Santo Domingo Because of Trouble in Hayti.

San Domingo, May 8.—United States Minister Powell, owing to the situation of affairs here, suspended all intercourse with the revolutionary government and is preparing to leave San Domingo for Hayti, to which country he is also accredited. His departure is due to grave difficulties existing in Hayti where a revolution is said to be in progress.

The charge of government here put a stop to steps taken by Mr. Powell to arrange a settlement of the claims of the Dominican Improvement company of New York against Santo Domingo. The claims were being favorably considered by the government which has just been overthrown, and fair condition existed for settlement.

The Dominican congress has been dissolved and a provisional government has been formed.

HETTY CARRIES A GUN.

She Says She Needs it to Protect the Wealth About Her.

New York, May 8.—Hetty Green, the noted woman of finance, has been granted a permit to carry a revolver by the police department of this city. Mrs. Green applied for the permit a week ago to Captain Stephen O'Brien, and it was on his recommendation the permit was given.

Capt. O'Brien's report on the application says Mrs. Green declared she was in the habit of carrying a large sum of money, stocks, bonds and jewelry. She also said her intention was to secure pistol permits in all the large cities which she does business.

PALMA AT SANTA CLARA.

Great Crowds Gathered There to Greet Cuba's New President.

Santa Clara, May 8.—When President Elect Palma found the people from the whole surrounding, partly drawn by the exhibition of island products being held here, gathered to give him greeting. The narrow streets of the town were packed. The horses drawing Senor Palma's carriage took fright at some fireworks, bolted and ran over two spectators before they were stopped. General Palma was not injured. He reviewed, in the evening, a parade of the police, the rural guards and the secret societies, after which he attended a banquet and reception in his honor and a ball at the theater.

Mrs. Palma Gone to Cuba.

New York, May 8.—"I leave my friends, but I go to a country full of them," said Mrs. Tomas Estrada Palma the first lady of Cuba, who left here on the steamship Havana, for the new republic.

"I was not born a Cuban. I have neven even been to Cuba," she added, "but I know what my husband has felt, has hoped all these years. When he left me to go to Cuba as the president, he kept saying, 'I am surely dreaming.'"

Mme. Palma's home here has been in Central Valley, N. Y., where her husband for many years conducted a school. Her eldest son, Jose, remains at Columbia university. Her other five children will accompany her to Cuba.

The Messrs. Weddington of Concord, North Carolina, who visited their brother, R. L. Weddington of this city after a reunion last week, informed the Pilot editor that their town, with a population of eight thousand, has thirteen cotton mills. And not only their town, but in almost every town through the Carolinas, Georgia and Alabama, the hum of countless thousands of spindles is heard. Not only that, but all of them are prospering. If it is that way in the old states, why can't Bryan, located right in the heart of the finest cotton country on earth, have a mill?—Brazos Pilot.

The Messrs. Weddington of Concord, North Carolina, who visited their brother, R. L. Weddington of this city after a reunion last week, informed the Pilot editor that their town, with a population of eight thousand, has thirteen cotton mills. And not only their town, but in almost every town through the Carolinas, Georgia and Alabama, the hum of countless thousands of spindles is heard. Not only that, but all of them are prospering. If it is that way in the old states, why can't Bryan, located right in the heart of the finest cotton country on earth, have a mill?—Brazos Pilot.

Good, well cured hams and breakfact bacon are better, cheaper and more wholesome than any other meats you can buy. The Gold Band brand is the best. 137
